IMPORTANT DISMISSAL INFO:

(including some changes planned as a result of the “Safe Routes to School” workshop held in the spring of 2010)

Bus students will be dismissed at 3:05 p.m., and busses will leave the elementary at 3:10 p.m. daily. Once busses have departed, town students will be dismissed at 3:15.

First, second, third, and fourth grade parents-

Please park your car on the east (front) side of the building as close to 3:15 as possible. Park your car in the parking spots or to the south near the playground or on adjoining streets. If you park across the street, please get out of your car and escort your child across the street safely. There is NO PARKING by the curb in front of the steps at any time during the school day. Please do not stop in the street to pick up your child as you are creating unsafe conditions for students, as well as blocking the street for other drivers.

Kindergarten and Fifth Grade parents -

If you have a kindergarten student, please park on the west (back) side and come into the building to pick up your kindergartener at the classroom, once the busses have pulled away. There are spots available in the staff parking lot, and there is also another small parking lot to the south for your use.

If you have a fifth grade student only, you are also asked to park on the west (back) side of the building in one of the lots, and your child will be dismissed at 3:15 – after the busses have pulled away. You MAY NOT PARK in the drive-through lane prior to the busses leaving the building. Once the busses are gone, you may park on the right side of this lane as needed. Please follow the signs regarding one-way traffic on this side of the building.

**PLEASE DRIVE SLOWLY AT DISMISSAL TIME:
STUDENTS’ SAFETY IS NUMBER ONE!**
