

Grundy Family YMCA

Parents of Upcoming Middle School Students,

The Grundy Family YMCA would like to make you aware of the free youth membership that your child will be receiving based on their entrance into middle school at the Grundy Center Community School District.

This free youth membership will run from the beginning of sixth grade and last until the child graduates from Grundy Center High School. In order to put this membership into effect and use the fitness center, each sixth grade student needs to fill out the enclosed membership application form. Please completely fill out this application and turn it in during school registration.

Please note that this youth membership will not take effect and no student will be allowed into the fitness center until the membership application has been received. Once membership papers are processed, each student will receive a membership card. This card will be used by the student to check into the fitness center every time they use the facility. These membership cards allow us to monitor which individuals are in the fitness center and to keep accurate records of member visits. Your child may leave their card in one of the bins at the check-in desk while working out. However, it is the student's responsibility to take their card with them after working out and to keep track of their membership card outside of the fitness center. Each replacement card will cost \$5.

Your student will have access to the fitness center, but will not be allowed to use the free weights until they attend a training session. Information on training sessions can be found by contacting the Grundy Family YMCA. Students will also be required to wear appropriate clothing when in the fitness center. Athletic clothes and proper shoes (no sandals) should be worn.

Please call the Grundy Family YMCA at 319-825-6210 with any questions that you may have.

Thank you,

Andrew Peters
Director
Grundy Family YMCA
